

REMARKS/ARGUMENTS

Applicants would like to thank the Examiner for the indication of allowable subject matter in the present application. The claims have been amended to delete the treatment of tumors or cancer other than leukemia, without prejudice to the presentation of such treatment in a further continuation or divisional application. The claims have also been amended to correct antecedent basis issues. No new matter has been added by these amendments.

Claims 4-6 stand rejected under 35 U.S.C. 112, first paragraph. This rejection has been obviated by the deletion of treatment of cancer or tumors, other than leukemia. Applicants reserve the right to pursue such treatments in a further continuation or divisional application if desired.

Claims 5-10 stand rejected under 35 U.S.C. 112, second paragraph, for various antecedent basis reasons. This rejection has been obviated by the above amendment to the claims.

Applicants submit that the application is now in condition for allowance and early notification of such action is earnestly solicited.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
